A. FRONTIER III

The Frontier III commercial board has a durable acrylic outer body (skin) and a non-slip tread. It is available in 10 ft. (3.05m), 12 ft. (3.66m), 14 ft. (4.27m) and 16 ft. (4.88m). All lengths of the Frontier III commercial board feature a hand-laid fiberglass and resin roving over a solid laminated wood runner acting as the board's skeletal frame. **Priced on application**

B. SWIM CLUB

The Swim Club Board is the ideal mid-range board for commercial pools. They are available in 10 ft. (3.05m), 12 ft. (3.66m), 14 ft. (4.27m) and 16 ft. (4.88m). They have a durable acrylic outer body (skin) and a non-slip sand tread. All Swim Club models feature a hand-laid fiberglass and a resin roving over a solid laminated wood runner acting as the board's skeletal frame and extending the full length and width of the board.

STARTING BLOCKS

C. THE RECORDQUEST STARTING PLATFORM

- Setback range: 21" - 26". Height range: 17" to 30" off the deck.
 - 304 stainless steel powder coated frame construction for added corrosion resistance and low maintenance.
 - Single post 2.5", square tubing design, aesthetically pleasing.
 - Steps are 8" deep and 12" in length.
 - Large footboard, dimensions are 24"x 30".
- Priced on application**

D. THE RECORDQUEST LONG REACH STARTING PLATFORM

- Setback range: 30" - 40". Height range: 20" to 30" off the deck.
 - 304 stainless steel powder coated frame construction for added corrosion resistance and low maintenance.
 - Single post 2.5", square tubing design, aesthetically pleasing.
 - Steps are 10.5" deep and 14.5" in length.
 - Large footboard, dimensions are 24"x 30".
- Priced on application**

E. LEGACY STARTING PLATFORM

- Setback range: 21" - 26". Height range: 17" to 30" off the deck.
 - 304 stainless steel frame construction with exceptional uniform, silver grey powder coated finish that provides high impact, corrosion, and UV resistance and low maintenance.
 - Single post 2.5", square tubing design, aesthetically pleasing.
 - Steps are 8" deep and 12" in length.
 - Large footboard, dimensions are 24"x 30".
- Priced on application**

F. ROCK SOLID PLATFORM ANCHOR

RockSolid™ adjustable single post anchor with innovative wedge design that ensures stability. When the anchor is tightened, the internal wedge system will expand and exert continuous even pressure on the platform post to prevent movement. The new anchor allows the platform to be easily removed and stored.
