

LEVEL CONTROLLERS SAFETY SWITCHES GAUGES ACCESSORIES

CONTROLLERS

- B. WARRICK AUTOMATIC WATER LEVEL CONTROL**
To prevent vacuum filter overflow or to automate your city water make up to the swimming pool. This solid state control is more reliable as well as less expensive, compared to electromechanical units. Electrode fittings are available with either 2" pipe thread or 2" standard pipe flange. Electrodes are type 303 stainless steel.
- #16ML1A1 Warrick solid state level controller . . . \$234.00
 - #16ML1A0 Controller relay replacement less housing . . . \$181.00
 - #3E2B Electrode fitting threaded for two electrodes . . . \$192.00
 - #3E3B Electrode fitting threaded for three electrodes . . . \$249.00
 - #3F2E Electrode fitting flanged for two electrodes . . . \$256.00
 - #3F3E Electrode fitting flanged for three electrodes . . . \$311.00
 - #3R1C0 Electrode rod 1 ft. length . . . \$13.10/ft.
- NOTE: The third character in item no. indicates rod length. Please designate length when ordering. Add \$11.90 for each additional foot.

C. LEVELOR ELECTRONIC WATER LEVELER

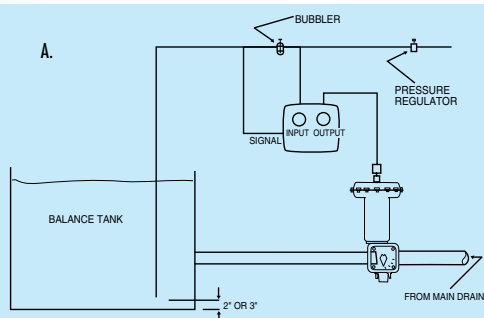

The alternative choice of contractors over mechanical floats. Trouble-free, easy to install and no moving parts. Levelor is a computer-controlled device that automatically detects and replaces a low water condition to a pre-set level. Works well on new and existing pools and spas and also where a consistent liquid level is desired like aquariums, ponds, reservoirs, storage tanks, water cooling towers, etc.

#K1100CA Levelor Controller (110V) . . . \$405.00

D. CARLO GAVAZZI LEVEL SENSOR AMPLIFIER, CONDUCTIVE TYPE

Level control relay for conductive liquids for swimming pool applications. The relay operates approximately 10 seconds after the sensor is no longer immersed in the water. A complete system consists of all components listed below

- D1. #S194-156-115 Amplifier . . . \$236.00
- D2. #A94-10 Sensor . . . \$120.00
- D3. #ZPD11 11-Pole Socket . . . \$19.00

SWITCHES & VALVES

- E. MCDONNELL MILLER FLOW SWITCH**
The FS250 Series flow switch with a 5 year warranty offers an economical and positive way to start or stop almost anything electrically operated. Actuate a signal light, sound an alarm, start or stop a motor, use wherever it is important to know when flow or no-flow occurs.
- #FS251 . . . \$140.00
- F. BELL & GOSSETT PRESSURE REDUCING VALVE**
Protect plumbing systems against excessive line pressures. Factory set at 12 p.s.i.g., but easily adjustable within the factory set range of 10-25 p.s.i.g. Equipped with built-in strainer and low inlet pressure check valve.
- #110190 1/2" Reducing valve . . . \$46.00
 - #110196 3/4" Reducing valve . . . \$69.00
- G. SAFETY VACUUM RELEASE SYSTEM**
• Vac-Alert™ Model VA-2000 SVRS Unit reacts in less than a second to quickly release dangerous pump suction vacuum • A totally mechanical safety system easy to install, adjust, and test • Made of engineered plastics and 316 stainless steel • The vac-alert complies with ASME/ANSI standard A112.19.17 for vacuum release systems for residential and commercial pool and spas
• 3-year limited warranty
- #VA-2000S Below Grade Unit . . . \$651.00
 - #VA-2000L Above Grade Unit . . . \$651.00

GAUGES & ACCESSORIES

- H. EQUIPMENT GAUGES**
Pressure • Vacuum • Compound 1/4" NPT, bottom mount.
2" Diameter, polypropylene case
- #1354 Vacuum 0-30 Hg . . . \$8.90
 - #1354-30 Pressure 0-30 p.s.i. . . . \$8.00
 - #1354-60 Pressure 0-60 p.s.i. . . . \$8.00
 - #1354-60B Pressure 0-60 p.s.i. 1/4" Backmount Connection . . . \$8.00
- 2" Diameter, steel case
- #1355 Vacuum 0-30 Hg . . . \$8.90
 - #1355-30 Pressure 0-30 p.s.i. . . . \$8.25
 - #1355-60 Pressure 0-60 p.s.i. . . . \$8.25
 - #1355-60B Pressure 0-60 p.s.i. 1/4" Backmount Connection . . . \$8.25
- I. 3/4" diameter - steel case**
- #1356-30 Pressure 0-30 p.s.i. . . . \$19.80
 - #1356-60 Pressure 0-60 p.s.i. . . . \$18.80
 - #1356-100 Pressure 0-100 p.s.i. . . . \$18.80
 - #1357 Vacuum 0-30 Hg . . . \$18.80
 - #1358 Compound 30 Hg-0-60 p.s.i. . . . \$18.80
- 4 1/2" diameter - steel case**
- #1359-30 Pressure 0-30 p.s.i. . . . \$27.80
 - #1359-60 Pressure 0-60 p.s.i. . . . \$27.80
 - #1359-100 Pressure 0-100 p.s.i. . . . \$27.80
 - #1360 Vacuum 0-30 Hg . . . \$36.80
 - #1361 Compound 30 Hg-0-60 p.s.i. . . . \$36.80
- J. Liquid filled gauges 4" diameter - stainless steel case**
- #1364 Vacuum 0-30 Hg . . . \$57.60
 - #1365 Compound 30 Hg-0-15 p.s.i. . . . \$57.60
 - #1366-30 Pressure 0-30 p.s.i. . . . \$57.60
 - #1366-60 Pressure 0-60 p.s.i. . . . \$57.60
 - #1366-100 Pressure 0-100 p.s.i. . . . \$57.60
- Liquid filled gauges 2.5" diameter - stainless steel case 1/4" NPT**
- #9767053 60 p.s.i. . . . \$19.40
 - #9767002 30" vacuum . . . \$19.40
 - #9767029 Compound 30" 0-60 p.s.i. . . . \$19.40
- Accessories**
- K. Pressure snubber to protect gauges from pulsation and shock.**
1/4" NPT x 1/4" FPT brass construction.
- #1367 . . . \$22.70
- L. Tee handle gauge cock. 1/4" NPT x 1/4" FPT brass construction.**
- #1362 . . . \$11.00
