#36A \$76.00

E. HEAVY DUTY A-FRAME FOR 48" TO 54" POOL
Unique one-piece handrail/leg design will hold 300 lbs. Outer steps swing up and lock into upright position. Just fill with water to prevent floating. Converts to in-pool ladder. No extra parts needed. Two tone color white & gray.
#7000 \$248.00

F. POOL ENTRY SYSTEM
Designed for all people including elderly swimmers and physically challenged swimmers: • Two handrails, with handholds, to pull yourself up and out of the water as you walk up the stairs • Five steps, instead of four, means they are spaced closer together making it easier to enter and exit the pool. **Can be installed in two configurations:** • One unit can be used inside the pool off a deck • Two units can be combined making a complete entry system inside and outside the pool.
#PES-1 (1 unit drop in steps) \$446.80
#PES-2 (2 unit complete system) \$1067.20
#PES-G (Gate for pool entry system) \$173.60

G. CONFER-STEP
Fit all above ground pools with flat bottom and holds 400 pounds. Easy snap together assembly with mounting brackets to fasten to deck.
#STEP-1 \$268.00

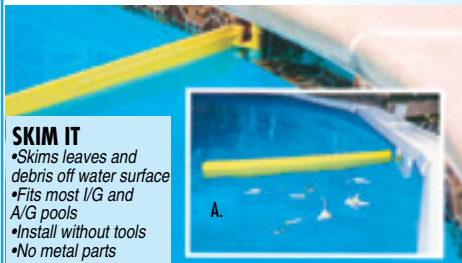

OPTIONAL EQUIPMENT

3" RISER - #EB100
Used to raise the ladder when it does not reach the pool bottom. The risers stacked = 6". Fits all ladders except #648B and #747B.
#EB100 \$16.00

LADDER PAD - #LP
Acts as a cushion between ladder and pool liner. Fill with sand and water and place under ladder. Fits all models #636, 726, 736. Cannot be used with #EB100 riser(s).
#LP \$12.50

CONFER-STEP ENCLOSURE SYSTEM
Allows two #Step-1 units to be joined together, enclosed, and gated to restrict access by small children. Kit consists of connecting step, enclosure pickets and rails, and a self-closing, self-latching gate.
#STEP-ENC \$321.40
