

The Wave of New Technology in Public Pool Cleaners

Automatic Pool Cleaners A Dolphin for Every Pool

COMMERCIAL POOL CLEANERS

DOLPHIN™ DIAGNOSTIC 3001

Recommended for commercial pools up to 82 ft. in length:

- Large ultra fine porosity filter bag collects dirt, debris and even dust particles.
- Advanced software enables efficient cleaning.
- Patented swivel prevents cable tangling.
- Climbs walls - cleans the water line.
- Reduces the use of chlorine and other chemicals, and eliminates algae and germs.
- Equipped with Caddy for handling and storage.
- Warranty 24 months - spare parts and labor.

Specifications:

Cycle time - 6 hours
Cable length - 100 ft
Filter - Fine porosity
Suction rate - 4,233 gal(USA) per hour
Motor unit voltage - 20 VDC
Power supply - IP 54

Input 115 VAC
Output less than 24 VAC

#DL3001 Dolphin Commercial Cleaner w/cart and swivel cable **\$2799.00**

DOLPHIN™ DYNAMIC PRO X

Recommended for commercial pools:

- Extra robust robot designed for widely used commercial pools up to 82 ft.
- Conforms to ETL and CE regulatory standards.
- Scrubs, brushes, vacuums and filters the entire pool floor, walls and water line in less 6 hours.
- Large filter surface collects dirt, debris and even dust particles.
- Designed for long-lasting performance w/minimum service.
- State-of-the-art most advanced self learning scanning programs, optimizing pool coverage.
- Wireless remote control for manual programming and navigation.
- Wide range of cleaning programs and parameters: cycle time, pool length, climbing frequency, regular or ultra clean, lap pool, water line.
- Evenly disperses chlorine and other chemicals.
- Advanced dual motor maneuverability for perfect and precise performance.
- Patented swivel prevents cable tangling.
- Clogged filter bag indicator ensures ongoing cleaning efficiency.
- Equipped with Caddy for handling and storage.
- Warranty 24 months - spare parts and labor.

Specifications:

Cycle time - 4, 6, 8 hours Cable length - 100 ft
Filter - Ultra fine porosity
Suction rate - 4,233 gal(USA) per hour
Motor unit voltage - 20 VDC
Power supply - IP 54, Input 115 VAC
Output less than 24 VAC

#DL3002 Dolphin Commercial Cleaner w/ remote and cart **\$3459.00**

DOLPHIN™ 2 x 2

Recommended for large commercial pools:

- Advanced software ensures systematic cleaning and optimal pool coverage-floor, walls and waterline.
- User-friendly remote control for manual navigation and programmable command.
- Adjustable parameters and cleaning programs-cycle time, pool length, climbing frequency and regular or ultra clean.
- Powerful suction and sweeping creates whirlpool that evenly disperses chlorine and other chemicals in the pool, and helps eliminate bacteria and algae.
- Two large ultra fine porosity filtration bags collect the dirt, debris and even dust particles.
- Clogged filter bag indicator ensures ongoing cleaning efficiency.
- Heavy-duty Caddy for handling and storage.
- Warranty 24 months - spare parts and labor.

Specifications:

Cycle time - 4, 6, 8 hours
Cable length - 134 ft
Filter - Ultra fine porosity
Suction rate - 8,466 gal(USA) per hour
Motor unit voltage - 24 VDC
Power supply - IP 54

Input 115 VAC
Output less than 30 VAC

#DL22 Dolphin Commercial w/cart **\$6299.00**

COMMERCIAL POOL CLEANER NEW

DOLPHIN™ -WAVE

Recommended for olympic and large commercial pools:

- Scanning:** Intelligent navigation system ensures complete coverage of every pool type and shape.
- Brushing:** Active brushing system with rotating brushes specially designed to brush, scrub and remove dirt from the pool floor, slopes, edges and corners.
- Filtration:** High filtration capacity and super suction power of 10,560 gal(USA) per hours through two unique ultra fine porosity, easy -to-replace disposable bags. Top user friendly access to the filter bags.
- Safety:** Safety and reliability-overload-detection mechanism for protection, designed for long lasting, safe operation with a low voltage of 38 volts.

MMI(Maytronics Machine Interfacel): An interactive state-of-the-art MMI digital user friendly control panel enabling full control of cycle time, operation delay, scanning system (navigation, logical), diagnosis of technical function and parameters. Remote control for manual maneuvering. Self entry and submerging into the pool.

Robustness: Robust, heavy-duty design to meet the tough demands of daily use in public schools.

Warranty: Full 2-year "bumper-to-bumper" warranty. User-friendly poolside maintenance.

Wave Cleaner P.O.A.

RESIDENTIAL POOL CLEANER

DOLPHIN COMMANDER WITH SUPER SUCTION

The Dolphin Commander's heavy duty pump motor with "Super Suction" is 15% more powerful than other cleaners in its class. The Commander takes command of dirt, thoroughly vacuuming your pool floor, climbing its walls and scrubbing the waterline, and microfiltering the pool water. The Dolphin Commander also features advanced self-programming scanning software, enabling the robot to automatically calculate the most effective pool cleaning patterns according to your pool's dimensions. The Dolphin's unique self-programming software enables the robot pool cleaner to know exactly where to scrub, sweep, vacuum and filter your pool irrespective of surface or shape. The Dolphin Commander's advanced microprocessor allows the unit to efficiently clean your pool's floor, walls and waterline in 6 hours or less. The Dolphin Commander's warranty is 36 months or 3000 operating hours on its motors and one year bumper to bumper.
